NO. 3

BALTIMORE GETS 1912 CONVENTION

Democrats Vote to Go to
Oriole City.

JUNE 25 THE MEETING DATE

The Untried to Assemble
One Week After Repub-
lican Convention.

A FINE BUILDING TO MEET IN

Washington, Jan. 12.—The Democratic National Convention, the date of which was set this morning for June 25, was awarded this afternoon to Baltimore over St. Louis, Denver, Chicago and New York. Baltimore offered a certified check for \$100,000.

Two ballots were taken. On the first Baltimore received 25 votes, St. Louis 19, Chicago 3, Denver 6 and New York 1.

On the second ballot Baltimore received 29 votes, St. Louis 22 and Chicago 1. This gave Baltimore a clear majority and the decision then was made unanimous.

The first business transacted was to decide that the convention should be held June 25, one week after the Republican National Convention. At this time the place of the convention had not been determined.

Denver made the first bid for the convention, Charles F. Franklin, of that city, addressing the committee at length. Denver offered reasonable and necessary expenses for the convention and promised to be liberal. Mr. Franklin asserted that Denver had the best convention hall in the country.

Chicago next had its innings. Rogers Sullivan, amid laughter and applause, said he had the unprecedented pleasure of introducing to the Democratic committee Fred W. Lippman, of Chicago, assistant treasurer of the Republican National Committee.

Mr. Upham argued at some length for Chicago, and when he had concluded, some one proposed that he be made an honorary member of the Democratic Committee. There was more applause, but no vote on this suggestion. J. Hamilton Lewis closed the argument for Chicago, dwelling at length upon the advantages of that city and its experience in handling national conventions.

Chicago, in addition to defraying the expenses of the convention, offered a contribution of \$40,000 to the Democratic campaign fund. This announcement caused a stir and apparently increased Chicago's chances materially.

Baltimore's bid followed Chicago's. Representative Talbot, of Maryland, made the opening speech and Senator Raymer pursued the argument.

The claims of St. Louis were presented by E. F. Goltz, former Governor David B. Francis, Rolla Wells and James E. Smith. St. Louis offered to be more liberal in appropriations for the convention than ever before, but no definite amount was offered.

Edward M. Tierney then spoke for New York. As soon as the New York bid was in, the committee began balloting.

O. F. Hershey spoke for Robert Crain, chairman of the Baltimore Committee, and called out a storm of cheers when he drew from his inside pocket a certified check for \$100,000 and laid it upon the table. The demonstration continued for a minute or more.

Baltimore's Armory an Admirable Place.

Baltimore, Md., Jan. 12.—The Democratic Convention of 1912, which the party's national committee has awarded to Baltimore, will be held in the Fifth Regiment Armory, Baltimore's largest auditorium. The armory is an imposing structure of granite surmounted by a vaulted roof which rises 106 feet above the main floor.

Having an area of 200 by 300 feet, the main, or drill hall, architectural experts say, will seat comfortably more than 12,000 persons, allowing ample space for promenades, aisles, etc. There are two balconies and, if necessary, by the erection of raised platforms at either end of the building, the seating capacity can be increased to

more than 20,000 persons. Experts say the acoustic properties can be made almost perfect for a hall of its size.

The company rooms, twenty-one in number, grouped in suites, are admirably adapted for committee rooms, and the gymnasium, immediately behind the place where the stage will stand, will be set apart for the press.

The armory is situated in the northern part of the city, and is within easy walking distance of the Pennsylvania and Baltimore and Ohio railroad stations. It is fifteen minutes' ride by street car from the business center of the city.

THE OLDEST PHYSICIAN
IN THE STATE IS DEAD

Campbellburg, Ky., Jan. 12.—Dr. F. J. Yager, probably the oldest physician in Kentucky, and the oldest resident of Henry county, died here this morning of the infirmities of age. He was ninety-six years old. Dr. Yager was born in Oldham county in 1812, and for a few years practiced medicine in Jefferson town. However, he moved to this county sixty-three years ago and has since been one of the most active men in this section. He is survived by four children: F. S. Yager, of California; Ernest Yager, of Louisville; Dr. Arthur Yager, president of Georgetown College, and Mrs. B. R. Milan, of Florida.

He was a prominent Mason and his funeral at 11 o'clock to-morrow will be conducted by that order.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure.

F. J. Cheney & Co.,
Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

Walding, Kinnaird & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

NEVER SPOKE DURING
TWENTY-FIVE YEARS

Maysville, Ky., Jan. 13.—The death of Louis Roser here yesterday disclosed a family secret, which was that absolute silence had been maintained between husband and wife for the past twenty-five years. This was broken last Sunday, when his wife asked her husband to have a cup of coffee and he replied that he would. In a few moments he was attacked with heart trouble, dying a short time afterward.

He willed all his vast properties to his wife, and he asked that his body be cremated and the ashes cast to the winds off the Cincinnati suspension bridge. The body will be sent to a crematory to-morrow.

Foley's Honey and Tar Compound

"Cures in Every Case."

Mr. James McCaffery, Mgr. of the Schlitz Hotel, Omaha, Neb., recommends Foley's Honey and Tar Compound, because it cures in every case. "I have used it myself and I have recommended it to many others who have since told me of its great curative power in diseases of the throat and lungs." Foley's Honey and Tar Compound is a reliable family medicine. Give it to your children, and take it yourself when you feel a cold coming on. It cures and cures coughs, colds and croup and prevents bronchitis and pneumonia. Refuse substitutes. For sale by all dealers.

"Charles Dickens and Women."

By the late Henry Snowden Ward.

The recent sudden death in New York of Mr. Henry Snowden Ward, the distinguished Secretary of the Dickens Fellowship in England, is as sincerely deplored in America as in the land of his birth. His delightful lectures on Dickens and Shakespeare have been popular literary features of this season; and one of his latest acts was the preparation of an illuminating article for Lippincott's Magazine on "Charles Dickens and Women," which will be published in February when the Dickens centenary is due.

His Opinion.

"What do you think of a husband who deceives his wife?"
"He's a mighty smart man."

RECENT NOTABLE CASES OF "THAT STILL SMALL VOICE"

BOSTON, MASS., JANUARY 3, 1912.

"Deeply penitent for my sin, and earnestly desiring, as far as in my power lies, to make atonement, I hereby confess that I am guilty of the offense of which I stand indicted. I am moved to this course by no inducement of self-benefit or leniency. Heinous as is my crime, God has not wholly abandoned me, and my conscience and manhood, however depraved and blighted, will not admit of my still further wronging by a public trial her whose pure young life I have destroyed. Under the lashings of remorse I have suffered and am suffering the tortures of the damned. In this I find a measure of comfort. In my mental anguish I recognize that there is still, by the mercy of the Master, some remnant of the Divine spark of goodness lingering with me. I could wish to live only because within some prison's walls I might, in some small measure, redeem my sinful past, help some other despairing soul, and at last find favor with my God. You are instructed to deliver this to the District Attorney, or to the Judge of the Court. Sincerely yours,
"CLARENCE V. T. RICHESON."

[For inducing his jilted sweetheart, Avis Linnell, to take cyanide of potassium, which he had given her as a corrective for her physical condition October 14, 1911, and which caused her death. Sentenced to the death chair during week of May, 19, 1912.]

LOS ANGELES, CAL., DECEMBER 1, 1911.

Prosecutor—Mr. J. B. McNamara, you have hitherto entered your plea of not guilty. Do you wish to plead at this time?

McNamara—Yes, sir.

Prosecutor—To this indictment charging you with murder, do you plead guilty or not guilty?

McNamara—Guilty.

[Dynamiting the building of the Los Angeles Times, October 1, 1910, killing 21 men, for which, December 5, 1911, he was sentenced to life imprisonment.]

RICHMOND, VA., NOVEMBER 24, 1911.

"I, Henry Clay Beattie, Jr., desirous of standing right before God and man, do on this, the twenty-third day of November, 1911, confess my guilt of the crime charged against me."

[The murder of his wife, July 18, 1911, for which he was electrocuted November 24, 1911.]

SOME STATISTICS ON OUR BILLION-DOLLAR SCHOOLS

Value of National Educational
Plant Has Doubled in
Ten Years.

The amount of money invested in schools in this country has increased enormously during the last decade. The value of public school property, which was about \$550,000,000 in 1900, had doubled ten years later.

During the same period the annual income increased from \$220,000,000 to \$425,000,000, while the annual appropriations to teachers grew from \$2,769,000 to \$8,620,000. The average length of the public school term was extended from 144 to 156 days, and the average attendance of children enrolled increased from 99 to 114 days. The public high schools, which numbered 6,005 in 1900, were 10,213 in number in 1910. The number of teachers in those schools advanced from about 20,000 to more than 41,000, while the total number of public school teachers increased from 423,000 to 512,000 in the course of the decade.

The salaries of teachers were augmented during the ten-year period, those of men teachers increasing from \$46.50 per month in 1900 to \$65 per month in 1910, and those of women teachers from \$34 to \$52 per month. The number of pupils in high schools showed a marked gain, numbering 900,000 in 1910, as compared with 520,000 in 1900.

The productive fund of universities, colleges and technical schools increased from \$166,175,600 to \$273,425,000, and the annual income of those institutions from sources other than endowment was augmented from \$28,500,000 to \$77,800,000 in the ten-year period.

The students in those establishments grew in number from 110,000 to 183,000, and the instructors from 7,300 to 17,000. In the higher educational institutions it will be noticed the increase in the number of teachers was proportionately greater than the growth in the number of students.—[Bradstreet's.]

Asking Too Much.

"My dear," said Mr. Clarkson, "I don't want you to think I have any desire to criticize you for the way you manage, but, really, we must try to live within our income."
"Within our income? Goodness! And be regarded by everybody in our set as eccentric?"

Will Persist in Trying It.

"What is an optimist, pa?"
"An optimist is a man who comes home late and thinks he can get in without his wife knowing it."

ANTI-TRUST LAW BROKEN BY BURLEY SOCIETY

Of Kentucky—Federal Ruling
On the Interstate Commerce Pact.

Cincinnati, O., Jan. 12. In an opinion handed down by Judge Howard Hollister, of the United States District Court for the Southern district of Ohio, to-day, he declared that contracts entered into by the Burley Tobacco Society with the purchasers of the pooled Burley tobacco were in violation of the Sherman anti-trust law in that part which concerns interstate commerce.

The opinion came after an argument in the suit of the E. O. Eshelby Tobacco Company, of Cincinnati, against the Burley Tobacco Society for damages alleged to have been sustained in the pooling and selling of the 1907 crop of Burley tobacco at Winchester, Ky.

In his opinion Judge Hollister ruled that the tobacco pooled by the Burley Tobacco Society was intended necessarily for use in interstate commerce, had always been so intended and subsequently was used in interstate commerce; that the Burley Society fixed a price on this tobacco and refused to accept any price other than the one fixed and that this act is considered by him to be in violation of that portion of the Sherman anti-trust law which concerns interstate commerce.

Frightful Pain Winds

How with terrible force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth, unrivaled for cold-sores, also burns, boils, sores, ulcers, cuts, bruises and piles. Only 25 cents at James H. Williams.

THE WHALE COUGHED
UP A SMALL FORTUNE

Brockton, Mass., Jan. 12.—William H. White, of No. 28 Chapel street, Brooklyn, N. Y., considers that he has certainly come into real good fortune. White is the man who, while walking along Nantasket Beach one day recently, came across a large chunk of some foreign substance which he took home, suspecting he had something valuable.

Breaking off a piece of the strange mass, he brought it to City Chemist Charles S. Bolling for analysis. Mr. Bolling subjected the matter to a number of careful tests, and finally discovered that it yielded all the properties of ambergris, that precious matter that is used in cologne

making. The standard rate for ambergris is \$60 an ounce, so the mass White found is worth \$19,200.

"Nothing takes the place of ambergris in the finer grades of perfumery," said Bolling. "The matter was coughed up by a sick whale, and because of its scarcity it is very valuable."

HIG LAND DEAL CLOSED
IN HOPKINS COUNTY

John T. Hopkins returned Friday night from Hopkins county, where he has been as agent for the Henderson National Bank in closing a deal for the sale of 1,300 acres of land in the southern part of Hopkins county between Nortonville and Dawson, known as the Clore land. It is a tract the Clores bought several years ago, being heavily timbered at the time. The timber has been removed, but much of the land is available for farming purposes. The land was purchased by N. K. Toy, George, Lee and Hugh Toy, of this county. The Toy farm in the Anthonston neighborhood was exchanged as part payment. Mr. Toy and sons, Joe and Hugh, will move to the newly purchased property. It is their purpose to improve and sell it off in smaller tracts. It is understood. [Henderson Blenner.]

Wouldn't You?

Wouldn't you like to be a leader instead of a follower? Wouldn't you like to be a "live wire" in business, originating ideas and methods that will cause big business men to bid for your services? Wouldn't you like to get more pay? You can have all this experience—you can get the bigger pay, you can successfully manage a business of your own. If you will take the necessary training, and you can get the training either at college or by mail. The first step is to write JNO. F. DRAUGHON, President, Nashville, Tenn., for prices on lessons BY MAIL, or for catalogues on courses AT COLLEGE, address Draughon's Practical Business College, Nashville, Tenn., or Paducah, Ky., or Evansville, Ind., or Washington, D. C.

A Hero in a Lighthouse.

For years J. S. Donahue, South Haven, Mich., a civil war captain as a Lighthouse keeper, averaged about twelve, but a quiet fact is, he might have been a wreck himself. If Electric Blitters had not prevented "They cured me of kidney trouble and chills," he writes, "after I had taken other so-called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50 cents at James H. Williams.

A Call to Economy.

"The coal supply of the earth is limited," said the scientist. "No one can say how long it will last."

"Great Scott!" exclaimed a man in the back row, "and we've gone and wasted more'n a bushel of it heatin' the hall for this lecture."

The Danger of La Grippe

Is its fatal tendency to pneumonia. To cure la grippe coughs, take Foley's Honey and Tar Compound. R. E. Fisher, Washington, Kas., says: "I was troubled with a severe attack of la grippe and nothing I used did me any good and I was threatened with pneumonia. A friend advised me to use Foley's Honey and Tar Compound and I got some at once. I was relieved from the very first. By the time I had taken three bottles my la grippe was gone. I believe Foley's Honey and Tar Compound to be the best medicine I ever used and always keep a bottle with me." For sale by all dealers.

To Wizard Edison.

Your cement furniture is great; it soon will be the rage; but ere you leave the rest to fate, let this your mind engage. The cost of living's something fierce, the price of goods is high, so let your brain the problem pierce; you'll help us if you try. Turn out some leather underwear and some asbestos gowns; you'll drive away our lines of care and straighten out our frowns. And if you really love your name, we offer you this chance to get it in the Hall of Fame: Produce gun-metal pants.

When given as soon as the croupy cough appears, Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

GOOD ROADS LAW SEEMS ASSURED

The Bosworth Bill Seems
Likely to Pass.

A DIGEST OF THE MEASURES

Bills Concerning Matter of
Vast Importance to
the State.

MUCH NEEDED LEGISLATION

Frankfort, Ky., Jan. 13.—Senator Joe F. Bosworth, the author of the good roads measure in the Legislature, is very hopeful, in fact confident, that the General Assembly at the present session will enact a comprehensive good roads law. He is the chairman of the Senate Committee on Public Ways and Internal Improvements, which will consider the good roads legislation. Speaking of his bills, Senator Bosworth said:

"Kentucky has no State road or transportation but there are now pending before the Legislature two bills of vast importance to every section of the State, and all citizens interested in improving the conditions under which our roads and bridges are constructed and maintained should give some attention to them and lend their influence in every possible way to have these measures passed and become operative."

"The pending bills provide for a State Highway Commissioner of Public Roads, who shall be a competent civil engineer, and will, acting under the Department of Agriculture, have charge of the construction of all roads built under the provisions of State aid."

Provisions are made for raising a State road fund to be used in granting aid to counties that bond themselves to build permanent roads, and also to counties that spend money not procured from the sale of bonds in building or repairing permanent roads.

"The State aid is for the purpose of influencing counties to build more and better roads by paying one-third of the cost of roads from a general tax levied upon the assessed property of the State. By this method counties not expending money to build roads will receive no aid from the State, but counties taking advantage of the State aid will be assisted to the amount of one-third of the money they expend in constructing or reconstructing roads. Under this arrangement all counties pay into the State road fund, and must build roads or lose their part of the State road fund. The whole scheme of State aid is designed to make every county not having good roads already, get into the road-building business, and make all counties now having good roads put the proper amount of money into first-class maintenance."

"The office of County Highway Engineer is provided for, and modern and systematic methods of handling work are mapped out in detail. The design of that portion of the bill which deals with county administration seems to be to secure a better, closer and more scientific method of constructing and maintaining roads by county authorities and at the same time leave the county administration in the hands of the Fiscal Courts as at present. In other words, the County Engineer will be a person qualified to advise the court on road and bridge work in an intelligent manner."

"All through these measures are references to State and county funds, which demonstrates that the bills were designed with the one purpose in sight, viz., to get value received in all money expended in building roads, and also to expend plentifully in the construction of good roads."

To prevent pneumonia, a cold settled in the lungs should be attended to at once. Buy a HERRICK'S RED PEPPER POROUS PLASTER on the chest and take BALLARD'S HOREHOUND SYRUP internally. It's a winter combination. Buy the dollar size Horehound Syrup; you get a person's worth of cold and cough medicine for one dollar. Sold by all dealers.

When given as soon as the croupy cough appears, Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

When given as soon as the croupy cough appears, Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

The Hartford Herald

HEBER MATTHEWS, FRANK L. FELIX,
EDITORS
FRANK L. FELIX, Pub. and Prop'r.

Entered at the Hartford post-office
as mail matter of the second class.

Only 243 days now till Christmas.

Evidently Mr. Roosevelt is floating along in the same old Barkis-will-in' boat occupied by Mr. Bryan some years ago.

Is the little journal published at Louisville called "Our Country" really a liquor organ, as has been alleged and surmised, or—is it?

An exchange asks why women are not baldheaded, like men. Because they wear more hair, of course. Most anybody ought to know that.

In 1908 son-in-law Longworth prophesied that we would have "Taft for four years, then Roosevelt for eight." What do the anti-Roosevelt fellows think of this prophesy, anyhow?

A sapient Western Judge has ruled that a bulldog is a weapon—not usually concealed, of course, but with muzzle power fully equal to and often more effective than the other kind.

After the weather "opens up"—if it ever does—why not organize a Board of Trade for Hartford or reorganize our apparently defunct Commercial Club? It would be a good thing for the town in many respects. Let's begin to talk it up now.

The Brookridge News has called upon its Democratic subscribers for their choice for a nominee for President and mentions the following as among the Democratic Presidential possibilities for 1912: Woodrow Wilson, Governor of New Jersey; Judson Harmon, Governor of Ohio; Champ Clark, Democratic Speaker of the Federal House of Representatives; and Oscar W. Underwood, Democratic leader in the Lower House of Congress.

It is a little amusing as well as interesting the way thermometers of one vicinity vary during the prevalence of a cold spell, according to the reports of various people. During the recent cold weather the thermometers of Hartford and vicinity—as per the word of their owners—gave the weather as anywhere between six and 20 degrees below zero. The general average appeared to be about 12 degrees. With some it seemed to be a contest as to who could report the lowest temperature.

Except for a dozen or so hand-extinguishers—which, however, have come into mighty fine play in days gone by—Hartford is clearly at the mercy of the flames, should a fire suddenly break out in the business section at any time. It has been a long while since we had a serious conflagration in our little city, but such usually comes unawares. We have valiant and willing fire-fighters, but at the same time the town should be better prepared than it is for a serious blaze. We suggest that the City Council take the matter up.

A close scrutiny and study of the proceedings of the divorce courts of the country will disclose the fact that it is principally the well-to-do people and not the poorer classes who seek to break the marital bonds by law. Married couples in wretched financial circumstances may and no doubt do have their domestic troubles, but they seem to prefer what little love is left of each other rather than to fly to the courts for eternal separation. The credit is altogether on the side of the poor people, who apparently have more respect for each other than the loveless rich.

Hon. Denny P. Smith, of Trigg county, who for a short while during the last campaign was a candidate for Attorney General on the Democratic ticket but was forced to withdraw from the race on account of serious illness in his family, is being boomed by his friends of the First District to succeed Hon. Ollie James in Congress. Mr. Smith is an excellent gentleman, a capable man in every respect, a lawyer of ability, having served seven years as Commonwealth's Attorney of his District, also filling other offices, and he would certainly grace the halls of Congress in the most acceptable manner.

Taken as a whole—and yet the liquor output statistics do not seem to support the argument—the American people are fast becoming cured of drunkenness. It must be remembered that while liquor production has increased, our population has also increased at an enormous rate. A hundred years ago drunkenness was a confirmed habit—and not discountenanced—among

most Americans. To-day to be a confirmed tippler is a notable disability and a bar to most avenues of business. Personal ambition for higher station in life is fast supplanting the drink habit, liquor statistics to the contrary notwithstanding.

In a Kentucky General Assembly, in which he once served as a page, Hon. Ollie James was last week elected to the Senate of the United States, every Democratic vote in both Houses being cast for him. Thus does the big and brainy Kentuckian come into his own—a position he will fill with honor and distinction.

The wish is father to the prophecy that is being made by certain Republican newspapers that the present Kentucky Legislature will not enact a county unit bill, simply because it is a Democratic body. Both the Democratic and Republican platforms of the last campaign contained strong county unit planks. If the Republicans were really in earnest about theirs, why cannot they join with the Democrats in enacting this measure into law instead of giving forth this hypocritical cry and reversing their former attitude?

According to the report of Dr. J. N. McCormack, Secretary of the State Board of Health, thousands more people die in the State annually from clearly preventable diseases than from the well known generally fatal maladies. Diseases most commonly fatal, and also preventable, seem to be feared less than those noted for fatality, such as yellow fever, cholera, bubonic plague, &c. Full information on preventable diseases may be obtained by anyone for the mere asking if they will only address the Secretary of the State Board of Health at Bowling Green, Ky.

POLITICAL POTPOURRI.

Massachusetts is now the only State to hold annual elections. Fifteen Representatives in the present Congress are members of trades unions.

The first extra session ever held by the Idaho Legislature will meet this month to revise the revenue laws of the State.

A conference of Progressive Republicans of Alabama is to meet in Birmingham this week to organize for the furtherance of the progressive movement.

The record of service of William K. Reynolds, who has completed a quarter of a century as a member of the City Council of Providence, R. I., is believed to be without an equal anywhere in the country.

The Militant Progressive Republican League, of Massachusetts, has been formed for the definite object of opposing Lodge and Crane as delegates to the Republican National Convention next June.

Gov. Plaisied, of Maine, has called a special session of the Legislature to meet in March to consider the liquor laws, rearrange the Congressional districts and revise the election laws of the State.

Dr. H. P. Hatfield, president of the State Senate of West Virginia has announced his candidacy for the Republican nomination for Governor, subject to the State primary that will be held next June.

Former Senator Dullols, of Idaho, and former Senator Pettigrew, of North Dakota, are reported to be seeking delegates in the Northwest who will favor the nomination of Speaker Clark for President by the Democratic National Convention.

Robert P. Bass, the first direct primary Governor of New Hampshire, and who is now mentioned for United States Senator from the Granite State, is to be married in a few weeks to Miss Edith H. Bird, daughter of Mr. and Mrs. Charles S. Bird, of East Walpole, Mass.

The liquor issue is expected to figure prominently in the State campaign in West Virginia this year. The State organizations of farmers and lumbermen have gone on record for prohibition, but the coal men, who control many votes, are said to oppose the proposed constitutional amendment.

Gov. Woodrow Wilson, of New Jersey, has four bureaus at work on the publicity end of his candidacy for the Democratic Presidential nomination. The most important of the four bureaus is in New York. The others are located in Washington, Chicago and Trenton, N. J.

Republican members of Congress who sent an emissary to Roosevelt to learn his Presidential intentions, are said to have received a report that the Colonel believes a condition may arise which will result in a practically unanimous call, which he cannot ignore.

"It is quite as normal for us to have fellowship with Jesus Christ as it is to have fellowship with one another."

THE CHOPPERS WILL BE HERE

Thousands Strong, Next Saturday.

HARTFORD WILL BE THE MECCA

Of Numerous Camps and Many Will be Initiated into the Order.

PROGRAM OF PROCEEDINGS

The choppers are coming! They will be here regardless of weather conditions, though fair weather will insure a much larger crowd. Major R. E. Russell, District Manager, has all the detail work completed and is now busy pushing through the bundles of applications that are coming in at the eleventh hour. Permission has been granted to accept applications up to and including Saturday, January 20th, at 1 p. m. Candidates can be examined and obligated upon their arrival at Hartford and will be admitted to the meeting, but where possible, this should be done before reaching the city, as there is much work to be done on that day.

The committees on arrangements and reception are on to their respective jobs, and visitors will readily recognize the members, as they will wear badges. Col. J. H. Brower, State Manager, of Louisville, will arrive Friday evening to take an active part in assisting Major Russell in the preparations on Saturday. Hartford Camp No. 202 will keep open house at the lodge rooms Saturday forenoon where candidates will be obligated and the pass-word given to those legally qualified and vouched for. State and District Headquarters will be opened in room 14, Commercial Hotel, Friday evening, where those having business with State or District Manager, can apply.

The Woodmen of the World of District No. 9, are in line for an exceptional treat, as arrangements have been made to have Dr. Schleh, the National Lecturer of Omaha, Neb., present. He will arrive with the Owensboro delegation about noon Saturday. He will also lecture at Owensboro on Sunday, January 21st in the interest of the order. Following is the program:

Parade at 1:30 p. m.
Address of Welcome—Otto Martin, Camp 202—2:00 p. m.
Response—Lennie Stewart, Camp 260—2:20 p. m.
Conferring Amplified Protection Degree by Hartford Camp No. 202—3:00 p. m.
Conferring Sublime Degree of Morning, McHenry Camp No. 260—4:00 p. m.
Lecture by Dr. Schleh—7:00 p. m.
Public Installation of Officers of the various Camps in the District—8:00 p. m.
Major Russell deserves much credit for the studious and painstaking arrangements he has made for the meeting. He is a splendid lodge man of versatile talents, and has left nothing not attended to in his effort to make this one of the greatest meetings the W. O. W. folks have had in recent years.

A Desperate Situation.

Something ought to be done to relieve the strike situation along the Illinois Central railroad in Kentucky at present. Some of the sidetracks along the line are covered with cars loaded with coal which cannot be moved nor can sufficient empty cars be brought in to supply the demand. This makes it exceptionally hard on the miners, who have plenty of work if they could

only get cars to move the output of coal. For the sake of humanity and in the interest of urgent business, it would seem that this strike affair ought to be settled, and at once.

IN LABOR'S BUSY REAM.

Sixty per cent. of the laborers in Kansas mines are Europeans.

Street-car conductors in Seoul, Japan, make thirty-five cents per day.

In 1850 but one woman worked to every ten men; now the ratio is about one to four.

Women reformers of Germany have asked the Reichstag to wipe out the barmaid evil.

About 120,000 women are employed by the French Government and the number is growing constantly.

In England and Wales the average weekly wage for skilled carpenters, masons, plumbers, painters, patternmakers and printers does not exceed \$9 a week.

The opening of the first co-operative hat store in this country, a productive enterprise founded along co-operative lines, was celebrated recently by the Co-operative Leagues of New York City.

Minneapolis electrical workers' unions are making an effort to have that city chosen as 1913 meeting place of the International organization. The contest will be between Minneapolis and Boston.

The Committee on Amusement Resources of Working Girls of New York City has been incorporated recently to investigate and study and improve the general amusements of working girls and their vacation conditions.

Milwaukee Cigarmakers' Union has proposed to the International constitution providing that on and after May 1, 1912, there shall be no more open shops under the jurisdiction of the International Cigarmakers' Union.

Scottish miners' representatives have made a demand for an individual district minimum wage to be paid in all circumstances to all men working at the coal face; that the wages of all boys employed underground be standardized in accordance with the scale proposed.

St. Paul and Minneapolis contractors will ask the union carpenters to accept 47½ cents an hour, beginning April 1 and continuing through the summer until September 1, when the rate of pay is to be increased to 50 cents an hour, the rate the union carpenters of both cities struck for last spring.

Irishtown postal workers have been for some time now moving strongly in favor of better conditions. Mass meetings are taking place from week to week all over the country and the seven or eight unions comprised in the Postal Workers' Federation are united in strong support of their common demands.

The Labor Co-partnership Association now embraces 111 societies in Great Britain. The aggregate capital of these workmen's societies is approximately \$10,000,000, and their trade amounts to nearly \$22,000,000 a year. The last return shows that \$131,395 was divided among the workers as their share of the profits.

It is expected that some time during the present month the Employers' Liability Commission will present its final report to the two Houses of Congress. The report will embody a bill providing a graduated scale of compensation through Government instrumentalities for injuries to employees of railroads engaged in interstate commerce, whether due to negligence or not.

Carnegie Hard Pressed.

Andrew Carnegie was hard pressed Thursday by the Stanley Steel Probe Committee when it drew admissions from him that he recommended P. C. Knox for Attorney General to President McKinley after Mr. Knox had long served the Carnegie Steel Company as attorney and had not acquainted him with the provisions of the Sherman anti-trust law. Mr. Carnegie told the committee he believed the steel industry needed no protective tariff and admitted that he had often contributed money to Republican campaigns.

THE HONOR PLAN FOR WORKING THE CONVICTS

Without Either Guards or Manacles is to be Tried in Texas.

Galveston, Texas, Jan. 13.—The honor plan of working State convicts to be inaugurated in Texas is the idea of Governor Colquitt, who was delighted to find many veteran students of criminology agreeing with him that it will prove a success.

The plan of hiring out 2,000 convicts to build roads and construct bridges and engage in other public work to be paid for by the counties, is not original, but to divest these convicts of their prison garb and permit them to work like free laborers at the rate of 50 cents per day for their hire, met with some opposition.

It is proposed that one half of the wages be paid to the family of the convicts and the other half to the State Penitentiary fund.

Extreme penalties will be provided for any convict who violates the trust, and he will have to serve the balance of his term and an extension thereto in confinement if he runs away or commits any other crime while on parole.

Fifty hundred men will be given the first trial and this number increased to 2,000, with the counties employing the men paying for their keep but allowing them to work as free laborers without guards or manacles of any kind.

The punishment for any one violating the trust has been prescribed by a vote of the convicts, which the Governor and prison board approves.

FORCIBLE REASONS WHY GRANT WAS A RICH MAN

The will of William D. Grant, the St. Louis packer, did not confer the bequests upon his heirs that some of the millionaire packers could convey to their heirs, but after all, he left his children a much richer legacy than had he multiplied millions of dollars to give.

In his will, which he wrote himself, without the aid of legal advice, he says "THERE IS NOT A DISHONEST DOLLAR IN IT, but it represents MANY WEARY DAYS AND NIGHTS OF WEARY TOIL."

How few there be to-day who have piled up great fortunes that may any as much as Grant! Though it was the modest sum of only an hundred thousand dollars that he left to his children, he was indeed a rich man, for "not a dishonest dollar was among it." It was all the price of sweat drops, anxiety and toil. Truly the example of his manner of earning money was a greater legacy to those children than had he left them all the gold of the world.

As Others See Us.

"And she is reckoned one of the aristocracy in Kentucky?"
"Oh, decidedly! Her family friends with the very best people there!"—[Detroit Journal.]

Moses Grant Edmonds, father of Miss Violet Edmonds, will finance the fight of the Rev. Clarence V. T. Richeson for executive clemency.

THE EFFECTIVE LAXATIVE

Tastes Like and is Eaten Like Candy.

In our experience in the handling of drugs and medicines, we believe we have never had experience with any Remedy that gave such great satisfaction to our customers as do Rexall Orderlies. This Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Rexall Orderlies is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore, in trying them upon our recommendation, you take no risk whatever.

Rexall Orderlies taste like and are eaten like candy. They do not gripe, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c, 25c and 50c.

Remember, Rexall Remedies can be obtained in this community only at our store—The Rexall Store—James H. Williams, 214 Main street, Hartford, Ky.

70 Years with Coughs

We have had seventy years of experience with Ayer's Cherry Pectoral. This makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. We want you to have confidence in it, as well. Ask your own doctor what experience he has had with it. He knows. Keep in close touch with him.

One of Ayer's Pills at bedtime will cause an increased flow of bile and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime, just one.

MEETING WAS A PROFITABLE ONE

Calhoun Will Get Next State Assembly.

WILL ASK THE LEGISLATURE

To Pass Bill Promoting Co-operative Business Industries of State.

THE A. S. OF E. AT OWENSBORO

After being in session for two days at the city hall in Owensboro, the State meeting of the American Society of Equity came to an end Thursday afternoon, after holding a very important and most successful meeting.

A committee composed of J. E. Biggerstaff, J. U. McConnell and C. M. Barnett was appointed with instructions to go before the present Legislature and demand the passage of a bill similar to the Wisconsin bill, relative to co-operative movements and industries.

A resolution was adopted requiring all delegates who attend the national convention to be present during the entire session, or they will not receive any pay for their trip. The same resolution was recommended to the county union for passage relative to their delegates who attend the State Convention.

The convention authorized the State Board to incorporate a stock company under the laws of Kentucky for the purpose of furthering co-operative interests in the State.

The election of officers was held with the following result: J. E. Biggerstaff, of Warren county, president; J. H. McConnell, of Caldwell county, vice president; S. B. Robertson, of McLean county, secretary. The Board of Directors that was elected is as follows: R. E. I. Ray, of Hardin county; B. C. Eaton, of McLean county; A. E. Osburn, of Allen county; Ben Watson, of Webster county, and Henry Pirtle, of Ohio county. J. F. Doss, of Muhlenberg county, was elected as State organizer.

The next meeting will be held at Calhoun, McLean county, and the time of the meeting was changed from January to December. A resolution was adopted thanking the city of Owensboro for the use of the city hall as the meeting place for the assembly.

A resolution was also adopted thanking the ex-president of the organization for his successful efforts in having passed the Cantrill bill, which provides for a statement from the manufacturers of tobacco what they have on hand, and the United States Senators were urged to have the bill passed before the present session adjourns.

A resolution was adopted providing a ritualistic form of initiation into the Kentucky A. S. of E. As soon as rituals can be printed all local unions will be put on this basis, and in the future no one can become a member of the Society only by application signed by members in good standing, as well as the applicant.

TEN THOUSAND DIE IN A MONGOLIAN MASSACRE

Peking, Jan. 15.—The report of the massacre of 10,000 Manchus in Shen Si and Shan-Si is confirmed. A Mongolian force has taken Manchurian towns and issued a declaration of independence. Manchu soldiers will take refuge in the insurgent settlements. Financiers of the Southern provinces urge President Sun Yat Sen to retire in favor of Yuan Shi Kai, if peace terms can be arranged.

A bomb was thrown at Premier Yuan Shi Kai's carriage this morning. Two soldiers and the horses attached to the carriage were killed. The London Times Peking correspondent says formal abdication of the emperor and the establishment of a republic will be announced soon with the call for a convention.

Danger.

Edmund Lamy, the skating champion, said the other day at Saranac Lake:

"Skating on thin ice is very, very dangerous. I heard two sisters—daughters of an aged millionaire widower—talking the other day about it."

"Did you hear about poor pa's heroism?" the first sister said. "That beautiful young chorus girl, Tottie Tights, broke through the ice this morning, and pa plunged in and rescued her."

"The second sister bit her lip."

"Well," she said. "How dreadful! Now we'll have to rescue pa."

COLDEST WEATHER KNOWN FOR A NUMBER OF YEARS

Has Been Experienced in This Vicinity Lately—Eighteen Degrees Below Zero.

The coldest weather that Hartford and this section has known for many years has been experienced lately. The cold spell started nearly two weeks ago—Friday, January 5—when snow began to fall. Snow fell all of the next day and on Sunday morning, January 7, the thermometers registered 12 degrees below zero. Snow again fell the latter part of last week, and the thermometer hovered around the zero mark of nights. A slight snow fell Sunday night and the wind drifted it to knee deep in some places. The total fall of snow was about 10 inches on the level, part of which has been on the ground nearly two weeks.

The general weather forecast last Monday for Kentucky was a cold wave, although the temperature was below freezing all day. Toward night the cold became more intense and at 6 p. m. the temperature was at flat zero. There was little wind through the night, but the cold grew fiercer as the hours wore on, until at 7 o'clock yesterday morning the thermometers of Hartford and vicinity gave a general reading of from 15 to 20 degrees below zero.

This was the coldest weather we have experienced in this vicinity since February 13, 1899, when the thermometer registered 30 degrees below zero at an early hour. At Beaver Dam on the same day the temperature was reported at 42 degrees below zero. This had never been approached up to that time except in January, 1884, when the thermometers registered 16 degrees below zero, the other occasion being in January, 1863, when the coldest citizens remember as "Cold Friday," when the thermometer here registered at 20 degrees below zero.

The reading of the various thermometers in this vicinity of country yesterday morning was reported as follows:

Hartford, from 15 to 20 degrees below.
Beaver Dam Government thermometer, 20 below.
McHenry, 10 to 17 below.
Centertown, 21 below.
Horse Branch, 20 below.
Rockport, 8 below.

ELECTION COST SENATOR OLLIE JAMES JUST \$2,000

Washington, D. C., Jan. 13.—Ollie M. James has filed with the secretary of the Senate a statement of his expenses in his race for the United States Senate. He swears that he made no promises to win the election and that he received no contributions of money or anything of value to run his campaign, except a donation of \$750 from James T. Lloyd, chairman of the Democratic Congressional Committee. He states that he put \$2,000 of his own money into the campaign.

DIED FROM INJURIES OF JUMPING FROM TRAIN

Hawesville, Ky., Jan. 13.—C. C. Jones, aged about fifty years, and a citizen of the back part of the county, near Lyon's schoolhouse, died on Friday as a result of injuries received while alighting from an Illinois Central train entering Fordsville. Jones had boarded the train for Fordsville, and it is alleged he was drinking and had fallen asleep. The conductor called the name of

Fordsville as the train entered the town, and aroused Jones, who, thinking the station had been reached, jumped off while the train was in motion. He was so severely injured that he soon died, although he was able to go up in town alone. Jones was a bachelor and leaves a brother, James P. Jones, in the same neighborhood, who qualified as his administrator here one day this week. He was accompanied here by Attorney W. H. Barnes, of Hartford, who was looking up facts in connection with the case, which gives rise to the belief that a suit for damages will likely follow.

MORE DEATHS IN DALLAS FROM DEADLY MENINGITIS

State Health Officials Believe That General Situation Is Improving.

Dallas, Tex., Jan. 12.—Three new cases of meningitis and three deaths were reported in Dallas between noon to-day and 9 o'clock to-night. During the twenty-four hours ending at noon, official records show eight new cases and five deaths.

State health officials and Dr. Abraham Sophian, of New York, who is directing the fight against the malady in this city, asserted that today's reports from the several communities where the disease is prevalent are encouraging.

Physicians from various parts of the Southwest, in Dallas to attend daily clinics at the hospital, are being taught the same methods which have proven successful at the hospital. Quarantines, some general and others against specific places, are now in effect at the following Texas towns: Abilene, College Station (Texas Agricultural and Mechanical College), Denton, Groesbeck, Hewitt, Longview, Midlothian, Thorndale and Victoria.

Situation in Oklahoma.

Oklahoma City, Okla., Jan. 12.—Dr. J. C. Mohr, State Health Officer, to-day said there has been no death from spinal meningitis at McAlester, as was reported last night. According to his report there have been six cases in Love county and four deaths there, two of them at Marietta. There have been three deaths in Bryan county, three in Carter county and four cases in Garvin county.

These reports cover the period from December 26.

Quarantine Against Texas.

Shreveport, La., Jan. 12.—Despite an urgent protest by Dr. Oscar Dowling, president of the State Board of Health, the Municipal Commissioners of Shreveport to-day passed an ordinance putting into effect a rigid quarantine against all points in Texas where cerebro spinal meningitis is known to be prevalent, and all railroads touching Shreveport are ordered to discontinue selling tickets from such places to Shreveport.

A wealthy Indian Jew has bequeathed \$400,000 to found a Jewish college in Jerusalem.

READY TO RUSH
ARMY TO HAWAIIThe Jap War Scare Starts
Quick Action

AND 30,000 FIGHTING MEN

Are Ready To Leave—Mikado
Has 35,000 Soldiers
In Readiness.

PACIFIC SQUADRON AT SCENE

Washington, Jan. 13.—Following close upon the alarming statement made yesterday by Major General William H. Carter, before the House Committee on Military Affairs, that 35,000 efficient Japanese soldiers are now in Hawaii ready to wrest that invaluable possession from the United States, the War Department admitted to-day that definite plans are now complete to equip and rush an entire division of troops recruited to war strength, to those islands for permanent service. It was decided to send five regiments of infantry, each of the twelve companies recruited to 150 men; one regiment of cavalry, every troop at full fighting strength; one full regiment of field artillery, to be separated from the mobile army; one company of the signal corps. All are to be accompanied by the necessary sanitary force and under the command of a major general.

It was further learned to-day that, not content with sending a full division of soldiers to Hawaii, the Government has sent the Pacific squadron of armored cruisers as well. These four big ships are at the present moment carefully engaged in making a minute survey of the coast from a naval point of view, it being their purpose to ascertain precisely where an army could land.

So anxious is the War Department to prevent its panic from being known that to-day Secretary of War Stimson contradicted the statement made by Gen. Carter as to the number of Japanese soldiers in Hawaii. He did not, however, deny that the full division of troops numbering more than 13,000 fighting men, the biggest army ever hurled by the United States to distant territory, except in actual time of war, is going to these islands. The entire infantry force alone will number 9,000.

Gen. Carter expressed regret to-day that his statement had become public. It was made in confidence before the military committee, he said. Even a stenographer was barred from the room while he was giving his testimony. As to Gen. Carter's opportunity to obtain exact knowledge, it is pointed out that up to eighteen months ago he was stationed, in the Philippines. On his way home he paid a visit to Hawaii.

Illustrating the eagerness with which the War Department is making ready for this emergency, it is pointed out that within the past few days Gen. Leonard Wood has directed that a complete list showing the continuous term of service in Washington of all officers now here should be prepared and sent to him.

It is understood that every officer who has been in Washington for more than four years will be transferred, many of them going to Hawaii. This means a shakeup such as the War Department has not experienced in many years.

BEAVER DAM

Jan. 15.—Last Thursday morning Judge J. M. Porter's house, known as the old school hall, was consumed by fire. When the fire was discovered the alarm was given, and the huckster brigade with fire extinguishers were on hand, but they were too late to save the building, as it was under such headway nothing could be done but get out part of his household goods. We understand Mr. Porter carried insurance to the amount of \$1,300 on the building and \$300 on the household goods. It was by the hardest that they saved the beautiful two-story residence of Mr. Sam Gentry from the flames, as it was near the burning building and the wind was blowing right towards it.

Our new town board have taken the business of the town in hand and have elected a town marshal. As they are all good men and property holders, we look for more improvements which the town is very much in need of. The old board did one piece of work that the town and county is proud of and that is the pike from the railroad out Main street to Stringtown. That street would get so muddy at times that

it would be impassable, yet there is more travel on that road than any other road in the county. All the people of the southern part of the county who go to Hartford and Beaver Dam travel that road. Now we have a good solid pike which is a credit to any town, thanks to the retiring board.

The Rev. S. J. Thompson, presiding elder, of Owensboro, was in town Saturday and Sunday, holding quarterly meeting.

Mrs. Alford, widow of the late John Alford, made a trip to Horse Branch last week and was paid a thousand-dollar policy that Mr. Alford held in the W. O. W. That order promptly paid the policy, on being notified, in less than thirty days from Mr. Alford's death.

Mr. Orville Taylor, was at his father's here a few days last week. Orville is in the employ of the L. & N. railroad as civil engineer and his work is at Water Valley, Miss.

Some trading in our town since New Year. Mr. H. Oldham and Mr. Otto Dexter exchanged their property. Mr. Dexter gave Mr. Oldham \$1,000 and his cottage home situated in the western suburbs of town, for his two-story building on Main street, known as the Mrs. Bir house. Mr. Oldham also bought the Morgan Hotel and three cottage buildings on Main street south of the railroad from Mr. Brateber, of Morrill, Ill. Mr. Oldham will go into the hotel business at the Morgan House as soon as he gets possession.

Born to the wife of Mr. C. C. Smothers, the 3d inst., a girl weighing 8 pounds. The mother and child are doing well.

A protracted meeting will begin at the Baptist church Monday night.

SUNNYDALE.

Jan. 15.—The snow measures nine inches in the clear here to-day. Mr. J. T. Lowe was snowbound last Friday at Owensboro.

Mr. J. H. Dodson, who has been confined to his bed so long, went to Hartford last Wednesday on business. We are glad to see him out again.

Mr. Vive Ferguson, of this place, went to Madisonville last Tuesday on business, returning home Friday.

Mr. and Mrs. Charlie Martin went to Hartford to-day.

Mr. F. M. Martin bought a good pair of mules from Mr. A. M. Weatherford.

Mr. Leslie Combs, of Dukehurst, was here last Saturday on business. The W. O. W. met at the hall here last Saturday night and had plenty of work on hand to do, and they did not get through. They will have a call meeting one night this week.

The little child of Mr. and Mrs. Ornel Coy, of Palo, died last Thursday and was buried at the Smith graveyard Friday. A mother and father are left to mourn his loss.

Charles Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help him when I heard of Foley Kidney Pills. After he had taken them two days we could see a change and when he had taken two-thirds of a bottle, he was cured. That is about six weeks ago and he has not wet in bed since." For sale by all dealers. m

WELL KNOWN CITIZEN OF
ENSOR PASSES AWAY

Mr. Jake Hardin, a well known farmer of the Ensor neighborhood, died of heart trouble Saturday morning at 7:30. Mr. Hardin had been in ill health for the past year, and for the last few days his condition grew worse until his death, which was not unexpected. He was 72 years of age and was born in Washington county October 19, 1839, and moved to Daviess county when he was sixteen years of age, where he resided until his death. He is survived by his wife, Mrs. Elizabeth Hardin, and six children. They are: W. C. Hardin, of Maceo; Jack Hardin, of Lewisport; R. L. Hardin, of Ensor, and Misses Elizabeth, Nannie and Jennie Hardin, of Ensor. He is also survived by one brother, Mr. Robert Hardin, and one sister, Mrs. M. McIntyre, of Ensor. Mr. Hardin was also a member of the Rice E. Graves camp of United Confederate Veterans.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Stomach and Liver Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Notice to Claimants.

All persons having claims against the assigned estate of George W. White, are hereby notified to file same with the undersigned assignee at his office in Hartford, Ky., properly proven, on or before the 20th day of January, 1912, or they will be forever barred.

5214 YANCY L. MOSELEY.

NOTED PRISONER SOON
OPENED THE BIG SAFEWhich Had Stubbornly Baffled
the Efforts of Numerous Experts.

Oklahoma City, Okla., Jan. 13.—Paul Hayes, a safe expert, now held in jail at Tecumseh, Okla., in connection with the killing of City Marshal Arnet, of McCloud, and once arrested here following a robbery when numerous safe combinations were found in his pockets, did the State a service to-day and further showed his skill in such matters.

One of the big safes at the office of State Treasurer Robert Dunlap was unruly, and in trying to open it the employees in the office lost the combination. In it were several thousand dollars and the books of the office, the latter of which the force must have if the work of the office was to be done.

All safe companies of the city were appealed to, and not one had a man who could open the safe. Then Sheriff Pierce was telephoned to at Tecumseh and asked if Hayes could come over. The Sheriff brought Hayes over. Stopping down town to secure the tools he needed, Hayes and the Sheriff went to the Treasurer's office, and within 10 minutes Hayes had the safe door open and the combination readjusted. The safe has a time lock, and is burglar proof and fireproof.

PRENTISS.

Jan. 15.—Prof. Sam Taylor, of Beaver Dam, closed a very successful school here last Wednesday.

Messrs. I. S. Mason, of Fordsville, and Clarence James, of Cronwell, were in this community Thursday, working for the Mutual Life Insurance Co.

Mr. Forrest Casebier, who has been suffering from a severe case of throat trouble the past week, is some better.

Mr. John Patterson went to Rochester last Wednesday.

Rev. N. B. Watson, of Centertown, failed to fill his regular appointment here Sunday.

Messrs. Richard Simmons and Charlie Elliot, of the Little Bend, passed by here last Saturday with about 65 head of cattle, delivering them at Beaver Dam, where they had sold them to Mr. Mason Taylor.

Mr. Clifton Taylor went to Bowling Green recently to attend school.

\$100 Per Plate

Was paid at a banquet to Henry Clay, in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. To-day people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cents at James H. Williams. m

MAXWELL.

Jan. 12.—Mr. Herman Barr and sister, Hattie Mae, of this place, went to Owensboro Tuesday.

The school here will close in one more week.

Mr. and Mrs. Jim Calhoon, of this place, entertained a crowd of young folks Tuesday night. Those present were: Misses Annie May, Pearl Hudson, Ella Crowe, Myrtle Hudson, Pearl May, Ella, Flora and Myrtle Jolly; Messrs. Ed. Crowe, Rowan Crowe, Forrest Bell, Ollie Atherton, Marks Bell, Ellis Johnson, Ollie Bell, Willie Hudson and Arthur Bell. All reported a fine time.

Mr. and Mrs. Roy Owen and children, of Nuckols, visited Mr. and Mrs. James Crowe, here, Wednesday and Thursday.

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Price 25c, 50c and \$1.00 per bottle. Sold by Hartford Drug Co., Hartford, Ky., and also Donovan & Co., Beaver Dam, Ky. m

For Sale.

A \$20 scholarship in Bowling Green Business University, Bowling Green, Ky. For further particulars call on or address,

MAIL TRAIN WAS FROZEN
TO RAILS AT LYNCHBURG

Bristol, Tenn., Jan. 14.—A rare incident in the history of railroad-ing in Virginia occurred at Lynchburg to-day when the Washington-Chattanooga fast mail train of the Norfolk & Western actually froze to the rails. Stopping in a low place, the dripping water from the pipes caught the wheels, and the train was locked so securely in the ice that it required the use of three engines to move it, bumping from the rear being resorted to. It was two and a half hours before the train could be moved, and it arrived here seven hours late.

For Sale,
Sixty-five acres of well improved land in Rough river bottoms, 2½ miles west of Hartford. For further particulars, address X, care of The Herald. 2tf

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by all dealers. m

For Sale—Town property, vacant lots, cottages and two-story dwelling.
A. C. YEISER & CO.,
Hartford, Ky.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. Sold by all dealers. m

Notice.

To those who desire to pool their chickens for the Spring sale, will say pledges will be distributed at once for signatures. All persons desiring to pool with us will please sign name and return on or before the call meeting of the County Union, March 9, 1912. The pledges that fail to be returned may be left out of the sale.

L. B. TICHENOR,
S. L. STEVENS,
Committee.

For Sale, Farms—All sizes, from 6 to 300 acres. We can please you if you want to buy land.

A. C. YEISER & CO.,
Hartford, Ky.

DELICATE CHILDREN

Made Strong by Vinol

"I wish I could induce every mother who has a delicate, sickly child, to try your delicious cod liver oil tonic, Vinol."

"It restored our little daughter to health and strength after everything else had failed. It tastes so good she loved to take it—not a bit of cod liver oil taste."—Mrs. C. W. Stump, Canton, Ohio.

The reason Vinol is so successful in building up puny, delicate, ailing children, is because it is a combination of the two most world-famed tonics—the medicinal body-building elements of cod liver oil, aided by the blood-making and strength-creating properties of tonic iron.

If we can induce you to try a bottle of Vinol as a body-builder and strength-creator for your child, and you do not find it is all we claim, we will return your money on demand. Z. Wilbur Mitchell, Beaver Dam, Ky. Hartford Drug Co., Hartford, Ky.

SOLITE OIL

Nothing is more important in the home than clear, steady light. Insure this by getting the oil that burns clear and clean without a flicker down to the last drop. Pennsylvania crude oil refined to perfection. Costs no more than the tank-wagon kind—saves MONEY—saves WORK—saves eyes.

Your dealer has SOLITE OIL in barrels direct from our works.

Chas. C. Stoll Oil Co.
Louisville, Ky.
Refinery at Warren, Pa.
We sell the celebrated "No Carb" Auto Oil.

One Fourth Off!

If you firmly believed that we were about to sell seasonable High Grade Fall and Winter Clothing, Ladies' Suits and Coats at

ONE-FOURTH OFF

You'd come here to buy, wouldn't you? We pride ourselves on selling Good Clothing, Ladies' Suits, and that they are worth the regular price—is a matter of record. Now, if you knew that seventy-five cents would buy a dollar's worth of Good Clothing, you would buy it, wouldn't you?

Of Course If You Believed It

But the trouble is, that you don't believe it. So many dealers rant about bargains that are really snares, and print bombastic stuff that shows fraud on its face, that you are about out of belief. We can't blame you, but we reserve the right to prove what we say, and we will, if you will give us the opportunity.

We are unloading our Fall and Winter Clothing, Ladies' Suits and Coats—that's what we are at. Picking choice will go quickly. Come now if you want to save money. Here are some of our inducements:

PREVALENCE OF DEADLY CANCER

In Kentucky Is Somewhat Startling.

ONE WOMAN OUT OF TWELVE

And One Out of Every Seventeen Men of State Die of It.

THE PREVENTABLE DISEASES

Frankfort, Ky., Jan. 13.—Cancer has become so prevalent in Kentucky, with such fatal results, according to statistics gathered by the State Board of Health, that it is estimated that one out of every twelve women and one out of every seventeen men in Kentucky who live to be thirty-five years old will die of cancer. The statistics show that during the last year in Kentucky there were 840 deaths of cancer.

It was also shown at the regular annual meeting of the State Board of Health here that hookworm has made its appearance in twenty-two counties, having appeared where one would least expect it, in the homes of lending citizens of such counties as Warren.

The Board of Health, with the newly appointed members present, elected Dr. John G. South, of Frankfort, president of the Board, heard the annual report of the secretary, Dr. J. N. McCormack, of Bowling Green, and elected him secretary for the ensuing two years, this being his thirty-third year as secretary of the Board. Dr. A. T. McCormack was elected assistant secretary and health inspector.

Dr. McCormack recommends a systematic registration of births and deaths throughout the State. Despite the absence of such a law, Dr. McCormack says full official records are on file of 55,320 births for the first eleven months of 1911, with all essential facts as to parentage, race, etc., and that there is a similar record of 27,956 deaths with cause, location and other material facts.

McCormack's Report.

For the first eleven months of 1911 Dr. McCormack reports:

"Four thousand seven hundred and sixty-four deaths were reported from tuberculosis, with an estimate of 20,000 cases of this disease; 2,230 deaths and 22,300 cases of pneumonia; 1,089 deaths and 20,000 cases of infantile diarrhoea; 947 deaths and 11,764 cases of typhoid fever; 576 deaths and 800 cases of meningitis; 433 deaths and 12,500 cases of influenza; 463 deaths and 4,500 cases of diphtheria; 392 deaths and 16,600 cases of measles; 338 deaths and 7,000 cases of whooping cough; 153 deaths and 300 cases of puerperal septicemia; 65 deaths and 1,500 cases of scarlet fever. Add to these 28,406 cases of gonorrhea and 14,800 cases of syphilis, mainly resulting from immorality and seldom reported as a cause of death, and it gives a total of 160,394 cases and 11,430 deaths from every-day preventable diseases, so common that the people have ceased to fear them, with not a case or death from yellow fever, cholera, bubonic plague or other foreign pestilences which are so feared that one case would create a panic in any community. It will be interesting to note, also, that there were 1,368 deaths from

violence, most of which ought to have been prevented, and 840 deaths from cancer, which we hope soon to know how to prevent.

By consensus of opinion our physicians have decided that the medical care, drugs, nursing and loss of time for the average case of sickness costs \$94, and political economists value the average life lost from preventable diseases at \$1,700 from such diseases during these eleven months, gives a total of \$34,508,306, nearly five times the total revenue of the State.

CIRCUIT COURT IS IN SESSION AT CALHOUN

The January term of the McLean Circuit Court convened in Calhoun Monday morning. Judge Birkhead, Commonwealth's Attorney Bea D. Ringo, and Official Stenographer Marvin Miller are the officers of the court in attendance.

Judge Birkhead says that he is given two weeks to complete the term of court, but that he expects to wind up the business in four days.

The only criminal cases on the docket are against the remaining defendants who are charged with complicity in the Livermore mob, in which William Porter, a negro, lost his life. It is understood that there is no disposition to press a trial of these cases, as the principal defendant and his alleged chief accomplice have been tried and acquitted. Again it is argued that it is impossible to secure a McLean jury, as most of them were examined at the former trials, and in the event that a trial is to be had, the prosecutions will be transferred to Daviess county.

Judge Birkhead will open court at Hartford on the first Monday in February, and again in Owensboro on the fourth Monday in February.

FAVORS PENSIONING OLD EX-CONFEDERATES

Hartford, Ky., Jan. 12, 1912.

Editors Herald:—In view of the fact that we now have a Democratic administration in this State, is it not high time the Legislature and executive branches of our State government favor pensions for old and feeble ex-Confederate soldiers? All the former Confederate States, I think, have pensioned their ex-Confederate soldiers, and, although Kentucky is not one of them, it seems very appropriate for her to do so. They are now citizens of the United States, loyal to the Government, and patriotic.

Respectfully,
W. H. CUNDIFF.

WISE FOWL WAS VICTIM OF HIS OWN SAGACITY

Chardon, O., Jan. 13.—George Boswell's prize turkey, Lionel, was a knowing bird, and evidently possessed more lives than the proverbial cat, but although he dodged the distinction of being made the pledge of resistance of somebody's Thanksgiving feast, he fell a victim of his own sagacity.

Just before Thanksgiving Lionel hopped it away from Boswell's farm, near Rapids. Boswell had been fattening him for the Thanksgiving market.

His disappearance was forgotten until today, when Lionel was found at the bottom of a pile of corn fodder in a barn. The bird was still alive, as he had plenty to eat, but he was dying of thirst. An hour after he was found, Lionel "cashed in."

FREEZING RIDE ON A LOCOMOTIVE PILOT

Chicago, Jan. 14.—With the thermometer registering 38 degrees below zero, Carl Faulkenberg, a 17-year-old fugitive from the Minnesota State Institute School at Red Wing, Minn., rode seventy-five miles on the pilot of a locomotive and was nearly frozen to death. He was found in a Chicago hospital today.

Faulkenberg's hands, feet and face were frozen, and he is in a serious condition from exposure. The youth escaped from Red Wing Thursday last.

Passengers on the train took up a large collection for him.

After the Auto Owners.

Frankfort, Ky., Jan. 12.—A drastic bill regulating the speed and license fee of autos and fixing the liability of owners in case of accidents, was a feature of today's session of the Senate. The measure was introduced by Senator Hermann D. Newcomb, of Louisville, and provides that an auto must stop when approaching a horse on the public highway. This is a point derived from the present Virginia law. The bill also would make the owners of autos liable for accidents.

John McNamara, alias "Australia Mack," charged with looting a branch of the Bank of Montreal, was held without bail in New York for examination proceedings January 25.

KENTUCKY NEWS NOTES.

The newly-elected Town Council of Trenton has placed the license of the soft drink stands for the year 1912 at \$500.

Members of the State Board of the Kentucky Farmers' Union, in session at Paducah, adopted resolutions endorsing the strike of the Illinois Central railroad employees for recognition of the System Federation.

The Illinois Central railroad has begun a coast survey of the Chicago, Memphis & Gulf railroad from Dyersburg to Hickman, starting at Dyersburg and ending at Hickman, and the survey is to be completed in ten days.

Mrs. Mary E. Hickman, of Mayfield, has filed a suit in the Circuit Court against her son, W. S. Hickman, for \$5,000 damages. The plaintiff, in her petition, asserts that her son beat, bruised and violently threw her down, causing bodily and mental suffering.

In addition to his other work, Gov. McCreary has to sign the commissions of hundreds of notaries public. In one day he signed the commissions of 182 notaries, and 190 more were his quota for the next day. It is probable that there will be about 2,000 notaries commissioned this winter.

Lige Farmer, 50, a farmer of McCracken county, was fined \$25 by a jury in Magistrate C. W. Emery's court for selling quail contrary to the game law. He sold five birds to Deputy County Jailor Walter Carver, being fined \$5 for each bird. Farmer claims that he was the victim of a trap set for him.

An epidemic of the smallpox is raging near Mudlick, five miles north of Thompsonsville. Drs. England and Marrs are treating the cases. Many places have been quarantined. There are already about twenty cases, seven new ones having been reported. No deaths have been reported, but some are dangerously ill.

Henry S. Prockendize, of Lexington, recently wrote to Congressman A. O. Stanley of the Second district of Kentucky, with a view to learning his attitude toward a possible nominee for President. Representative Stanley replied that, while inclined, other things being equal, to support a Kentuckian, he would support the man best qualified to lead a progressive and militant party.

Judge Walter Evans of the United States Circuit Court, has ordered a dividend of 5% per cent. to be paid to the creditors of the defunct Owensboro Savings Bank & Trust Company who have filed their claims properly proven. About \$45,000, which was collected from the stockholders on the double liability statute which was tried in the Federal Court, will be paid out. The State receiver will pay out 2 per cent. to the creditors this month.

Old-fashioned Kentucky hospitality, such as was dispensed at the Governor's mansion during the first administration of Gov. McCreary, thirty-six years ago, will be the order during the present winter. The custom of giving public receptions twice each month during the session of the Legislature will be revived by Gov. McCreary, and he will entertain for the members of the Legislature once every two weeks during the remainder of the present session.

In the Circuit Court at Lexington Frank Bradley pleaded guilty of forging the name of his father, Charles Bradley, to a check for \$6.50, and a verdict was given fixing his punishment at confinement in the penitentiary for from two to ten years. As the accused is under 17 years old, his punishment was modified to confinement in the Reform School. The boy was sent to the Reform School last spring for a

A Barbed Wire Cut, Collar or Saddle Gail not properly healed leaves a disfiguring scar.

Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00. James F. Ballard, Prop., St. Louis, Mo.

Stephens Eye Salve is a healing ointment for Sore Eyes.

similar offense, but was paroled last summer.

Charles Clements, night fireman at the plant of the Nortonville Coal Company, ten miles south of Madisonville, fell two hundred feet to the bottom of the shaft to instant death. Clements was preparing to enter the mines, and, thinking he was stepping on the cage he supposed was at the top of the shaft on the side where he was entering, he shot through the darkness, hitting the cage at the bottom. His body was so badly mangled that it was hardly recognizable.

With pieces of burning wood falling around her, Myrtle, the 13-year-old daughter of Oscar Turley, of the Grassy Lick neighborhood, near Mt. Sterling, saved her invalid mother from burning to death. The house caught fire from some unknown cause, and was fast burning to the ground when the child discovered the flames. The roof was falling in when the child rushed through the door and, groping her way through the smoke and flames to her mother, who was lying on a bed, wrapped her in some comforts and carried the invalid out into the yard.

FLAMES CAUSE BIG LOSS AT PEMBROKE

Hopkinsville, Ky., Jan. 14.—Pembroke, ten miles south of this city, was the scene early Sunday of a fire which threatened the destruction of the entire business section of the town. Five stores were consumed, entailing a loss of \$40,000, and three persons were injured. The fire started in a defective fuse in B. J. Garnett's dry-goods store, on Main street, and spread rapidly to adjacent buildings. H. C. Whitlow's grocery, McCarty Hardware Company, B. J. Garnett's dry goods store, M. L. Levy's grocery and S. A. Powell's dry goods store were burned and two drug stores and a bank were damaged. About two-thirds of Mr. Powell's stock was saved, but the contents of the other buildings were practically destroyed.

Gas generated by the fire in an apartment in Whitlow's grocery is supposed to have exploded. Mr. Whitlow and Grady Ferguson were burned about their heads, and Town Marshal Joseph Jackson was badly cut on the leg by flying debris. Several other citizens were slightly injured.

WILDEAT STILL MADE BY MINISTER DESTROYED

Nashville, Tenn., Jan. 14.—Rev. Jos. R. Smith, of Sewanee, was brought to Nashville today by Deputy United States Marshal W. A. Kilborn and Deputy Collector W. L. Taylor, after having been bound over to the April term of the Federal Court on a charge of making inaccessible whiskey.

At a preliminary hearing Saturday Rev. Mr. Smith pleaded guilty to the charge. The minister has for several months been the regular pastor of three small churches near Sewanee.

His wildcat still was located in his smokehouse, a few yards from the parsonage and less than a quarter of a mile from his principal church. The outfit destroyed by the officers was complete and nearly 100 gallons of good beer and mash were found. The "wildcatting" person was caught only after an all-night chase.

He asserts he did not know it was a violation of the law to make whiskey, but knew it was wrong to drink it.

SMALLHOFS.

Jan. 15.—Mr. S. T. Hunter, who has been in bad health for some time, is no better.

Misses Nancy Addington, Irene and Lucy Brown and Mrs. C. D. Ross have returned from a visit to friends and relatives at Beaver.

Mr. Charlie Kimbley went to Livermore Monday and returned Wednesday.

Mrs. Erskine Fulkerson, Point Pleasant, is visiting her parents here.

Mr. C. O. Hunter, Hartford, was the guest of his parents here Saturday, Sunday and Sunday night.

Mrs. Sallie Drake has recently returned from a visit to relatives in Hartford.

Mr. John Igleheart, who has been on the sick list, is better.

Parole Asked for Adkins.

Three petitions are being circulated in the county and generally signed, asking the Board of Prison Commissioners to parole Abb Adkins, who was sent to the penitentiary from this county two years ago for the murder of William Gray. Adkins, it is said, has made a model prisoner, and we understand if the parole is granted, it will be on condition that he is wholly to leave intoxicating liquors alone, and make atoned reports of his conduct to the proper officials.—[Hawesville Clarion.]

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

THE HOODOO CAT PERCHED ON BODY

Of Dead Sailor When He
Swung in Air

AT END OF SUICIDE'S ROPE

Tried Repeatedly to Shake
the Beast, But Seemed
He Couldn't.

THEY MET DEATH TOGETHER

New York, Jan. 12.—Since Andrew Lundberg, of Bridgeport, signed as an able seaman aboard the two-masted schooner Sarah and Lucy in Bridgeport last Friday, he had dimmed the words of Stevenson's pirates' song into the ears of his shipmates until they drove him from their quarters in the fore-cabin and made him share the lee-covered deck with a big black cat that went aboard before the schooner left Bridgeport for this port.

Early this morning Lundberg, in a drunken frenzy, lay on the deck with the cat on his shoulder and an empty bottle in his hand, mumbling the same old chorus, while the schooner rolled at her anchorage south of Governor's Island. His shipmates were asleep. Two hours later Lundberg was found dead, hanging by a halyard from the foremast. The empty bottle was frozen to his fingers, and perched on his body, that swung like a pendulum in the breeze, was the hoodoo cat.

Lundberg's friends said he had been drinking heavily for days before he came aboard the schooner. He told them that the cat had followed him for miles and that it meant his death. He tried to kill the animal aboard the schooner and it disappeared before the vessel sailed from Bridgeport, but reappeared shortly after the craft reached this port and sat blinking at Lundberg. He tried to get at the cat again, but slipped on the icy deck and soon fell asleep, singing and cursing the cat as he dozed off.

The man's preparations for suicide seemed to have been deliberate. He cut a halyard, tied a hangman's noose and slipped it around his neck. Then he climbed the rigging far enough to be sure that the drop would break his neck. Whether the cat went with him or climbed on his shoulder after he had hanged himself is not known.

The cat was dead when the body of the sailor was discovered.

If you don't sleep well at night, are nervous and low-spirited, you need a system purifier. HERBINE is a powerful liver stimulant and cleansing medicine. It quiets the nerves, promotes energy and cheerfulness. Price 50c. Sold by Hartford Drug Co., Hartford, Ky., Donovan & Co., Beaver Dam, Ky.

REPUBLICANS SHOULD
DO BETTER NEXT TIME

It is not a very flattering compliment that comes from Frankfurt, upon the few Republican members of

BLOCKADED

Every Household in Hartford
Should Know How to
Resist It.

The back may ache because the kidneys are blocked.

Help the kidneys with their work.

The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from this vicinity.

C. W. Bethel, 1265 Eleventh St., Owensboro, Ky., says: "I had heard of Doan's Kidney Pills and as I was having lameness across my kidneys, I procured a box and took them carefully as directed. The result was that my trouble disappeared. A relative also suffered from an attack of lumbago that made every movement painful and his kidneys were disordered. I insisted upon his taking Doan's Kidney Pills and it was wonderful how quickly they disposed of the pain and lameness. In a few days he was at work and the kidney difficulty had disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

the General Assembly who happened to be elected last November. A news dispatch says that Judge O'Rear was on the floor of the caucus and lined up the Republican members for "principle." So far as our acquaintance with those gentlemen extends, we had been led to believe that they were a pretty good set of fellows and would not need to be driven or "lined up" for "principle." If that news dispatch tells the truth, the Republicans must surely do better next time in making nominations for the law-making body. —[Cattlettsburg Tribune.]

Going Some.
First Astronomer—I have just located a new comet, but I cannot figure out its orbit. All I know is that it is going at tremendous speed, but seems to have no logical destination.

Second Astronomer—What are you going to call it?
First Astronomer—I thought I would name it after President Taft.

For Sale.
An \$80 Scholarship in the Vanderbilt Training School for Boys, Elkton, Ky. Will sell reasonable. For further particulars call on or address,
The Hartford Herald.

We Take It All Back.

Last summer, when the sun boiled down and heat was making records here, the panting populace in town howled for old Winter with his cheer. We begged for just a day of ice—a blizzard would be just the thing, a cold wave would be mighty nice; we longed to feel our noses sting. But now we think we'd like to try a sample of that old warm spell, no burning sun could make us sigh, and we could stand it hot as—well, just send along some summer dope and hear us make that glad outcry, but you'll remember this, we hope, this plea don't hold good next July.

THE ANXIETY OF NOAH
OVER OUR TARIFF DUTIES

It was the first day out, and Noah was standing on the upper-deck, nervously sweeping the vast expanse of the waters with his eye.

"S matter, Pop?" said Shem, leaning against the rail beside his father. "Anything gone wrong?"

"I don't know, my boy," said the old gentleman. "But if the wind continues to blow in this direction, I'm afraid we'll land somewhere in the United States, and if that happens, the duty on this menagerie of ours will bust me."

Whereupon, ringing for the Librarian Steward, the Skipper called for a copy of the latest tariff schedule, and spent the remainder of the morning in an anxious perusal of the same. —[January Lippincott's.]

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. Sold by all dealers.

An Even Break.
Winsted, Conn., Jan. 8.—For sex equalization in births, the town of Torrington claims the prize. Statistics just compiled by Town Clerk Gleason show that a total of 416 babies were born there last year, of whom 208 were boys and 208 girls.

When buying a cough medicine for children, bear in mind that Chamberlain's Cough Remedy is most effectual for colds, croup and whooping cough and that it contains no harmful drugs. For sale by all dealers.

Business Education Pays.
If any one doubts this statement let him consider for a moment how the earning-power of hundreds of Kentucky boys is being multiplied over and over by a course of study in the Business University of Bowling Green. It is a paying investment for any young person to make.

For Sale, Cheap.
A full course of Bookkeeping or a full course of Shorthand and Typewriting, including all the auxiliary branches, such as Banking, Spelling, Punctuation, Mathematics, &c., as explained in the catalogue. The regular catalogue price for this scholarship is \$50. We will sell at a bargain and the one getting it will receive the same benefits as if purchased direct from Draughon's Practical Business College. For further particular call on or address,
The Hartford Herald.

For Sale, Cheap.

DIVORCE SUIT FOLLOWS A KENTUCKY MARRIAGE

Minister Says Wife Was Lured
From Home by Charms
of Cafe.

Pittsburg, Jan. 13.—The Rev. William Crerle, who is pastor of a Christian church at Worcester, Mass., is suing Mrs. Louise Boone Crerle, formerly of Mt. Sterling, Ky., for divorce. He charges that Mrs. Crerle preferred the excitement of cafes to the quiet life of a minister's wife, and that after various sensational escapades, as alleged, she deserted him. While Mrs. Crerle, who claims to be a descendant of Daniel Boone, entered an appearance, she did not testify. She did not oppose the suit. It is understood that Mr. and Mrs. Crerle have reached an agreement by which each is to have possession of their 6-year-old boy part of each year.

According to the testimony of the plaintiff, the couple were married at Mt. Sterling, Ky., November 25, 1904.

While here, the Rev. Mr. Crerle had charge of the Observatory Hill Christian church, on the North Side. Some time ago he refused a call to the Church of Christ at Findlay, O. For a time he traveled as agent for a private school in Washington City.

Mr. Crerle alleged that Mrs. Crerle left him April 28, 1909.

One Saturday night, when their child was 1 year old, Crerle testified, his wife stayed out all night and came home the next morning drunk in a taxicab, kicking out the windows, while he was preaching his sermon in his church near by. Policemen wanted to take her to the Central police station, he said, but he persuaded them to take her to the incubate department of the Mercy Hospital. When she entered the hospital, he testified, she did a wild dance in the corridor.

Another time Mr. Crerle swore he caught his wife with another man, and had her arrested. At the Central station hearing, the minister pleaded with her to do right. The minister testified that the fast life his wife led in the cafes ruined their domestic happiness. Mr. Crerle declared that the day his wife left him for good she packed her clothes in a taxicab and departed, leaving the baby with the washer-woman, while he and his father were visiting the Homestead Steel Works.

William H. Jamison, of 2115 Federal street, and Mrs. A. Scott, members of the Observatory Hill church, corroborated their former pastor's testimony, as did Fred Will, a city detective.

A Girl's Wild Midnight Ride.
To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious, but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1. Trial bottle free. Guaranteed by James H. Williams.

The Maid and the Weather.
A Richmond woman has in her employ a colored cook who has managed to break nearly every variety of article that the household contains. The mistress's patience reached its limit recently when she

discovered that the dusky servitor had broken the thermometer that hung on the house porch.

"Well, well," sighed the lady of the house, in a most resigned way, "you've managed to break even the thermometer, haven't you?"

The maid replied in a tone equally resigned, "Yessum; and now we'll have to take de weather just as it comes, won't we?" —[January Lippincott's.]

Increased Earning-Power.

Young men and women of Ohio county who want employment at increased salaries would do well to write the Bowling Green Business University of Bowling Green, Ky., for rates, terms and courses. There is no question about the fact that business education increases one's earning-power as nothing else can do.

Foley Kidney Pills

Always give satisfaction because they always do the work. J. T. Shelmut, Bremen, Ga., says: "I have used Foley Kidney Pills with great satisfaction and found more relief from their use than from any other kidney medicine, and I've tried almost all kinds. I can cheerfully recommend them to all sufferers from kidney and bladder trouble." Foley Kidney Pills will cure any case of kidney or bladder trouble not beyond the reach of medicine. No medicine can do more. For sale by all dealers.

An Attractive Booklet.

A post card addressed to the Bowling Green Business University requesting a copy of the new, handsome, illustrated catalogue will bring to you a booklet so beautiful and so attractive that you will want to preserve it as a work of art and excellence.

WANTED—An agent at each postoffice in the county to canvass and solicit subscriptions. Address THE HERALD, Hartford, Ky.

BALD HEADS NOT WANTED

Baldness is to Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements, no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want everyone in Hartford who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness, to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, lighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Hartford, and make this offer with full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—James H. Williams, Hartford, Ky.
